**LIVELY IN THE HOUSE**

More Snap Than Usual In the Tariff Proceedings.

**MOST EXCITING DAY OF DEBATE.**

Representative Henry U. Johnson of Indiana contributed his share to the sensational proceedings—Senator Gallinger asks for information—Nominations—Other Washington News.

WASHINGTON, March 30.—Yesterday was by far the most exciting day the house has witnessed since the tariff debate began. The proceedings throughout were of a lively order and several times bordered on the sensational. The Democrats blocked proceedings in the first instance by demanding the presence of a quorum before allowing any legislative work. Mr. Richardson offered dilatory motions, but finally withdrew them, saying:

"Let the other side work out its own puzzle."  
"There is no puzzle," remarked the speaker, "except the indolence of members."

"We have as many present on this side as the majority has," observed Mr. Richardson.

On resumption of consideration of the tariff bill, Mr. Dingley announced that the committee had several amendments to offer. The first increased the rate on gelatin, glue prepared in fish bladders, valued at not above 10 cents per pound, from 2 to 2½ cents. The second placed a duty of 1½ per cent on bauxite, not refined.

In answer to a question by Mr. Wheeler (Dem., Ala.), Mr. Grosvener replied that a strong appeal had come up from Georgia and Alabama for protection to this article. There were vast deposits in those two states—sufficient to supply the world.

Mr. Dockery said this was a novel proposition in connection with protection. Heretofore, he said, protection was accorded to equalize labor conditions, now, for the first time, it was proposed to equalize freight rates.

Mr. Dalzell denied that any new doctrine was involved in according protection to bauxite. Labor was at the base of freight rates, and the theory of protection was now and always had been to equalize labor conditions.

A somewhat sensational scene occurred at this juncture which necessitated the summoning of Speaker Reed from his room. Mr. Johnson (Rep. Ind.) entered an exceedingly vigorous protest against the irrelevant discussions with which the time of the house was being taken and after Mr. Sherman of New York, who was in the chair, had ruled him out of order, he continued to protest. Then the chair ordered him to take his seat. Twenty times the irate Indian was admonished to take his seat, but the latter continued his defiance. The greatest confusion prevailed. The speaker was hurriedly summoned. Mr. Johnson continued to stand defiantly in his place. Suddenly the doors burst open and the speaker came in. As he appeared on the scene Mr. Johnson dropped into his seat.

The speaker looked toward Mr. Johnson, who arose and in calm tones said he desired to get on with the bill, so that he would have an opportunity to offer some amendments towards the close. He did not want the bill sent to the senate a crude measure. "For," said he, "it has been so characterized by the press and the public."

He had protested with feeling and vehemence, but he said, he thought the house might not have been particularly moved by his protest. He said he was not in the consideration of a measure fraught with such important consequences to the American people. Some of the Republicans applauded Mr. Johnson.

The speaker replied in a conciliatory spirit. No matter what the provocation for such a protest, he said, the gentleman from Indiana could not but agree that it was the first duty of a member to obey the directions of the presiding officer.

Proceedings in the Senate.  
Before turning to the arbitration treaty the senate yesterday gave an hour to routine business in open session. Resolutions were agreed to by Mr. Pettigrew of South Dakota, asking the secretary of the interior for information relative to President Cleveland's sweeping order establishing forest reserves, and by Mr. Gallinger of New Hampshire.

calling on the civil service commission for the reason why certain classes of workmen were subjected to competitive examination contrary to the law exempting laborers from the classified service.

The first phase of the tariff in the senate made its appearance in a senate resolution by Mr. Allen of Nebraska, declaring that tariff taxes on articles of daily consumption should not be laid so as to enrich one class at the expense of the masses. It went over. A couple of minor reports were made and a bill relating to a settlement of an account between Arkansas and the United States was passed. The senate then went into executive session.

**Ex-Congressman Conn's Trial For Libel.**  
WASHINGTON, March 30.—The trial of Charles G. Conn of Elkhart, Ind., ex-congressman and late proprietor of the Washington Times, for criminal libel on an indictment sworn out by District Commissioner Truesdell, began here yesterday. The alleged libellous publication was what purported to be an interview with a western senator, charging Mr. Truesdell with using his office as commissioner to further his private interests and directing improvement funds to sections in which he was heavily interested.

**Authorized to Begin Business.**  
WASHINGTON, March 30.—The comptroller of the currency has granted authority for the organization of the Ozark National bank of Springfield, Mo.; capital \$100,000.

**MISSISSIPPI RIVER.**  
No Abatement of the Flood and Levees Said to Be Breaking.

MEMPHIS, March 30.—The flood situation in the vicinity of Greenville, Miss., is alarming. The reported break at Wayside, nine miles south of this city, is fully confirmed and the latest reports are to the effect that the water is pouring through a crevasse 600 yards in width, with tremendous force. A telegram from Perthshire, 45 miles north of Greenville, and immediately at the head of the fertile Yazoo, states that a break has occurred in the main levee there. Just how serious this break is the telegram does not state, but special trains loaded with laborers and sacks of sand have been hurriedly dispatched to the scene.

If the break at Perthshire assumes anything like the proportions of the crevasse at Wayside the destruction will be enormous. The waters will sweep over the rich farm lands of Mississippi and the loss to stock and property will be appalling. Ten thousand men lie the levees between Memphis and Vicksburg, watching and working with a desperation almost pitiable. The warning sent out by the weather bureau at Washington is having its effect. Many of the inhabitants of the delta have corralled their animals on high strips of land and moved their families out of danger's reach. The situation at Memphis remains about the same. The river continues to fall slowly, the gauge registering 83 feet.

**Extra Session of Arkansas Legislature.**  
LITTLE ROCK, March 30.—Governor Jones is taking steps to submit a message to the extra session of the legislature soon to be called, dealing with the effect in eastern Arkansas of the present disastrous overflow of the Mississippi river. He has appointed George R. Brown of Little Rock to visit the overflowed country and report to him not only the area under water, but the loss of life, stock and property.

**GREEK ARMY.**  
Troops Seen Prepared to Execute the Extreme Hellenic Programme.

LONDON, March 30.—A correspondent writing from Lorriss, Greece, says: The Greek army is now so large that it is absolute arbiters of the situation. Troops seem only prepared to accept orders to execute the extreme hellenic programme. The peasantry also is armed. Even if Greece were conceded to Greece, it is evident that the soldiery will demand the extension of the continental boundaries of Greece. No permanent peace is otherwise possible in this region.

If Europe forces Greece to recall her army from Thessaly a large part of it will become insurgent. It will continue an independent guerrilla warfare in the mountains of Macedonia and practice brigandage on the frontiers. External peace will be paid for by internal anarchy, and the state of Thessaly may relapse into conditions like those of 1878 or worse.

**Sandbagged by Tramps.**  
CAIRO, Ill., March 30.—William Moon, agent for the Illinois Central railroad at Pulaski, was assaulted by two tramps and his skull fractured. They struck him with a sandbag. The arrival of officers frightened the men away, and they escaped without securing any money. The depot at Pulaski was burned several months ago, and a boxcar has been in use since as a station.

**Results of Sunday's Storm.**  
DALLAS, Tex., March 30.—The damage from Sunday's storm was the greatest in central Texas. Railroad bridges and tracks are gone in many places and passenger trains are running irregularly on the Santa Fe, Waco and Northwest Texas Central, Texas and Pacific and the Missouri, Kansas and Texas. Damage to barns, outhouses and growing crops will be enormous. Hundreds of heads of stock were drowned.

**Will Have a Lake Line.**  
CHICAGO, March 30.—It is now definitely settled that in the future the Baltimore and Ohio will have a lake and rail line to the east. The road will have two boats which will run from Milwaukee to Fairport, O., where the road has constructed large docks, and there the freight will be transferred to the rail route. The lake line will go into operation very soon after Aug. 1.

**Had Smallpox Aboard.**  
BREAKWATER, Del., March 30.—The British steam steamer Delaware, bound from London to Philadelphia, has arrived here and 10 cases of smallpox among her crew were removed. Eleven additional members of the crew suspected of having the disease were also taken to the national quarantine station.

**GOMEZ WRITES TO M'KINLEY.**

Cuban Warrior Tells of the Cruelty of Weyler's Warfare—General Ruiz Rivera, Maceo's Successor, Wounded in Battle, Is Captured by the Spaniards—Lieutenant Terry Dies of His Wounds.

HAVANA, March 30.—The correspondent of the Associated Press says that Mr. C. E. Crosby, the correspondent of the Chicago Record, reached Havana on Jan. 30. He took the field on Feb. 10, going through Camajayui Villas. On March 9 he reached the camp of General Gomez and the same day was killed at Juan Criollo, near Arroyo Blanco. An engagement was in progress and Mr. Crosby received a bullet in the forehead. Death was instantaneous. His clothing, watch and money are now in the possession of General Gomez, who gave the body an honorable burial.

**GOMEZ TO M'KINLEY.**

The Cuban General Writes the President of the United States.

HAVANA, March 30.—General Maximo Gomez has sent a letter to President McKinley calling attention to General Weyler's style of fighting and the condition of the people of the island. He also incloses the letter he sent to President Cleveland. His letter to McKinley is, in part, as follows:

IN THE FIELD, NEAR SANCTI ESPERITU, March 1, 1897.  
The Hon. William McKinley, President of the United States of America.  
Sir—General Weyler has arrived in this district of Sancti Esperitu with a numerous army. He comes not to fight nor to expose his strength to the forces with which I defend these parts, but as a sanguinary and cruel general, who will avoid combats and spread crime and desolation everywhere. He comes to murder the peasants in the field, to kill the children, to drive our persecuted and outraged women to the woods, leaving their homes to be burned, their hearths violated and their gardens destroyed. This is how General Weyler pacifies Sancti Esperitu, or wherever he may be. Then he authorizes those who ask him for bread for their children and for their wives, to go out into the country and to steal and destroy whatever they may find.

With this, permit me to send you a copy of a letter which I had the honor to send your predecessor in office, Mr. Grover Cleveland. It is the hope that it may move you to sacred action that induces me to take up my pen to trouble you.

**General Rivera Captured.**

Hernandez Volasco, continuing his operations in the hills of Pinar Del Rio with the columns of troops under his command, were engaged at Cabezadas in the Rio Honda district with an insurgent force numbering about 100 men, under General Ruiz Rivera. The insurgents were dispersed and the position they occupied was captured after an hour's fighting. The troops captured a number of prisoners, including Major General Ruiz Rivera, his chief of staff, Colonel Bacallao, and his adjutant, Lieutenant Terry.

General Rivera and Lieutenant Terry were both wounded. General Rivera succeeded General Antonio F. in command of the insurgent forces in Pinar Del Rio, and he is considered next in military importance to General Maximo Gomez.

Rivera and Colonel Bacallao were taken into the presence of General Volasco, who shook hands with Rivera and introduced him to the officers of his staff, giving instructions that the first thing to be done was to give him surgical relief.

Volasco will be honored with a title. Lieutenant Henry Terry died from his wound. He was a naturalized American.

**BOILER EXPLODED.**

Three Men Fatally Injured in a Sawmill Explosion Near Brookville, Ky.  
AUGUSTA, Ky., March 30.—The boiler of a sawmill owned by Mrs. Rolls on the farm of A. S. Norris, near Brook-

When a man wakes up at night with the idea that he is falling down, down, down from a great height—when he imagines in his sleep that he has lost his breath and can't catch it again—when he tosses and tumbles all night and can't sleep—when his mouth tastes bad in the morning and food is repugnant—death is his bedfellow. These troubles may be trifles in themselves, but they are the skirmishes and sharpshooters that march in advance of the great army of death-dealing disease.

When a man experiences these sensations and feels generally out-of-sorts, there is but one safe thing to do. That is, resort to the right remedy. Pierce's Golden Medical Discovery makes the appetite keen and healthy. It makes the brain bright and the nerves and insures natural, refreshing sleep. It cures 98 per cent of all cases of consumption, catarrh, bronchial and throat ailments.

Honest druggists recommend it. The druggist who attempts to palm off upon you an inferior substitute, offers an insult to your intelligence.

"Eight years ago I was taken with what my doctor called liver complaint," writes N. E. Kendrick, Esq., of Canton, O., who has been suffering from it for years. "I began doctoring for it taking various remedies and other medicines. Last February I had a bilious attack, and I could not sit up long enough to eat. I began taking Dr. Pierce's Golden Medical Discovery, and one trial of 'Pleasant Pellets' I find no other medicine equal to yours in helping me."

Constipation will soon make a bright man dull, and an energetic man lazy. Doctor Pierce's Pleasant Pellets cure constipation. One little 'Pellet' is a gentle laxative, and two a mild cathartic. They never gripe. Found at all medicine stores.

**HUNTER'S HOPES.**  
Expect to Get Three Silver Votes When Bradley Voting Begins.  
FRANKFORT, Ky., March 30.—With 70 members, one more than a majority of the general assembly now voting or saying they are ready to vote against Hunter, the Republican nominee, he would seem to be defeated. But those 70 votes will not unite on any one man, and 66 are still clinging with tenacity to Hunter. This is three short of an election. Hunter's hope seems to be in the possibility that the anti-Hunterites will some day begin voting for Bradley. When they do and the fight narrows down between those two there are three or four silver Democrats now voting against Hunter who say they will then vote for Hunter and make him win in an exciting finish by one or two majority over Bradley.

Another reason for the possible abandonment of the Bradley plan is Blackburn's fresh hope of preventing an election. Blackburn is being assured by his own leaders that it will be impossible for him to prevent the election of some one, and they have even suggested to him the possibility of his withdrawing and allowing the nomination of some conservative Democrat, upon whom the silver and gold Democrats might unite, with the possible hope of getting some gold Republicans. They say, if this was not the result, that the Democrats might be so united as to make possible some coup d'etat.

Ex-Secretary of State S. M. Taylor of Ohio is still on the ground, and it is supposed will notify the authorities at Washington, when it becomes apparent that there is no chance to elect Hunter, and that it will be best to put out another nominee.

**Sick Headache.**  
Nuralgia and Extreme Nervousness.

EVER since I was eighteen years old until I learned of Dr. Miles' Restorative Remedies, I suffered from sick headache and extreme nervousness and dyspepsia. In time time disease developed. I was treated by several doctors with no relief. Severe palpitation with pain in left breast, shortness of breath, and smothering spells made me most miserable. I procured Dr. Miles' Restorative Nerve and New Heart Cure and took them alternately as directed. Improvement began at once and increased so rapidly that inside of six months I increased thirty six pounds in weight. All pain in the heart is gone, and the nervousness has wholly left me.

## Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

## THE E. & R.

Nothing Definite as to When It Will Be Reopened.

When the Evansville and Richmond railroad was sold at sheriff's sale on the 23d of this month, it was earnestly hoped by patrons along the line that the damage of the recent flood would be speedily repaired and trains again run regularly. There is still room to hope that this may be true. Superintendent J. W. Thompson went over the road yesterday making an estimate of the cost of repairing the damage. He was unable to give any information, however, as to when the repairs will be made.

## POLITICAL BREVITIES.

Senator Fairbanks has settled the contest over the postmastership at Vincennes by endorsing the application of T. H. Adams, editor of the Vincennes Commercial.

Marcus Sulzer, of Madison, is seeking the position of deputy land commissioner, and Frank M. Dice, of Crawfordville, is camping on the trail of one of the auditors of the treasury.

Postmaster General Gray's reports show 23,600 letters received in the first week of the administration, 25,700 in the second week and 45,623 for the week just ended. Practically all of these relate to postoffice appointments. This makes a total of almost 95,000, exceeding the total for the same period of the last administration. This is attributed to general depression, causing an increased number of seekers for employment.

## UNION VETERAN LEGION.

Honorable Encampment No. 144 Preparing to Celebrate April 9, the Anniversary of Lee's Surrender.

Circular No. 2 issued by the national commander of the Union Veteran Legion directs the local organizations to properly celebrate April 9, the anniversary of Lee's surrender to Grant at Appomattox, Va., by a parade in the afternoon and by performing the usual memorial services in the evening.

As is known this organization is composed of veterans of the Union army who have seen two years or more of service. This circular speaks as follows of the plan of the organization:

"No man who gave early and long service to the Union cause by enlisting in the ranks of his country's defenders in 1861, can afford to throw aside the heritage of fame which by virtue of such service he is enabled to bequeath to his posterity. The honorable discharge and unsullied record of a long service veteran of the Union armies is a patent of nobility greater by far than any held by Monarchs, Princes or Lords, whose titles come to him by accident or birth alone. \* \* \* There is work for all and it is believed that those who entered the service in 1861 had but one object in view, and that was the preservation of the Union. There were no bounties before that date, nor was there any fear of a draft, consequently those who shouldered a musket or wielded a saber felt that it was a sacred duty to offer their lives in defense of their country's honor. \* \* \*

"The Union Veteran Legion does not for a moment question the patriotism or bravery of the majority of those who entered the service subsequently to that date, but that there were many who donned the blue for the large amount of bounty paid, or through fear of being drafted, no one will question. It was therefore thought that the dividing line as indicated above, would result in bringing together those whose patriotism could not be doubted. Our works of charity are done quietly and without any ostentation or show, believing that the widows and orphans of our dead comrades are entitled to our first thought, and this is a duty for members to assist their fellow members in every honorable way."

## John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons; it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

## BUSINESS NOTES.

C. W. Wallingford and wife, of Lafayette, came here last evening on business and to look after his landed possessions in Hamilton township.

Isaac Bay and family and Mrs. Maggie Frank and family, who have resided at Kokomo, came here and moved today near Holton to reside in future.

John C. Wells has one of the most productive bottom farms south of Medora. He will plant 200 acres of it in corn this spring and he expects to engage largely in the raising of fine cattle.

## Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison, headache, indigestion, constipation, dizziness, yield to Electric Bitters. Try it once. 50c and \$1.00 per bottle at W. F. Peter's successor to J. H. Andrews & Co., Drug Store.

## FREETOWN.

Henry Tinch was a business visitor at Seymour Saturday.

Mrs. Het Judd, after a continued visit to her parents here, returned to Columbus Saturday.

A resurvey is being made of the gravel road in order to get it out of the creek in several places.

We see in the Carmi items that Geo. Cross was elected constable of Carmi township. George will discharge his duty in the lead.

The residence of Frank Sharr, north of town, was totally destroyed by fire Sunday morning. The family being absent nothing was saved. The origin of the fire is unknown.

Samuel Poor is very low with pneumonia fever with little hope of recovery. The members of his family from different parts of the country are being summoned to his bedside.

Stop drugging yourself with quack nostrums or "cures." Get a well known pharmaceutical remedy that will do the work. Catarrh and cold in the head will not cause suffering if Ely's Cream Balm is used. Druggist will supply 10c. trial size or 50c. full size. We mail it.

ELY BROS., 56 Warren St. N. Y. City. Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement, "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

## CHURCH NOTES.

Rev. J. B. Erben, former pastor of the St. Paul's Protestant church here and who has spent a pleasant visit to his friends left today for St. Louis on his way home to Chicago. Mr. Erben has been in poor health for three years and has abandoned the pulpit.

## Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits. "Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century and today stands at the head. It never never disappoints. Free trial bottles at W. F. Peter's, successor to J. H. Andrews & Co.'s, drug store.

## From Cripple Creek.

After the big fire in Cripple Creek, I took a very severe cold and tried many remedies without help, the cold only becoming more settled. After using three small bottles of Chamberlain's Cough Remedy, both the cough and cold left me, and in this high altitude it takes a meritorious cough remedy to do any good.—G. B. Henderson, editor Daily Advertiser. For sale by C. W. Milhous, druggist.

## Dangers of the Grip.

The greatest danger from lagrippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for lagrippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventative of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by C. W. Milhous, druggist.

## FROM SILVER TO GOLD.

Information Sent to the Secretary of the Treasury on Japan's Coinage.

WASHINGTON, March 30.—The secretary of the treasury is in receipt of information from the United States minister at Tokyo, Japan, to the effect that during the present session of the Japanese diet a government coinage bill will be presented for consideration of that body, which will, if passed, change the standard of value in Japan from silver to gold.

It is proposed to fix the government ratio between the two metals at 32 to 1. The unit of value will be a gold yen which will be one-half the weight and value of the old gold yen, which is of the same weight and fineness as the gold dollar of the United States. The proposed unit of value will, therefore, be the exact equivalent of 50 cents in United States money and approximately of the same value as the present unit of value in Japan, the silver yen, which at the current rate of exchange is worth about 61 cents in United States money.

## Director of Bureau American Republics.

**LIVELY IN THE HOUSE**

More Snap Than Usual In the Tariff Proceedings.

**MOST EXCITING DAY OF DEBATE.**

Representative Henry U. Johnson of Indiana Contributed His Share to the Sensational Proceedings--Senator Gallinger Asks For Information--Nominations--Other Washington News.

WASHINGTON, March 30.--Yesterday was by far the most exciting day the house has witnessed since the tariff debate began. The proceedings throughout were of a lively order and several times bordered on the sensational. The Democrats blocked proceedings in the first instance by demanding the presence of a quorum before allowing any legislative work. Mr. Richardson offered dilatory motions, but finally withdrew them, saying:

"Let the other side work out its own puzzle."

"There is no puzzle," remarked the speaker, "except the indolence of members."

"We have as many present on this side as the majority has," observed Mr. Richardson.

On resumption of consideration of the tariff bill, Mr. Dingley announced that the committee had several amendments to offer. The first increased the rate on gelatin, glue prepared in fish bladders, valued at not above 10 cents per pound, from 2 to 2 1/2 cents. The second placed a duty of \$1 per ton on barite, not refined.

In answer to a question by Mr. Wheeler (Dem., Ala.), Mr. Grosvenor replied that a strong appeal had come up from Georgia and Alabama for protection to this article. There were vast deposits in those two states--sufficient to supply the world.

Mr. Dockery said this was a novel proposition in connection with protection. Heretofore, he said, protection was accorded to equalize labor conditions, now, for the first time, it was proposed to equalize freight rates.

Mr. Dingley denied that any new doctrine was involved in according protection to equalize freight rates. Labor was at the base of freight rates, and the theory of protection was now and always had been to equalize labor conditions.

A somewhat sensational scene occurred at this juncture which necessitated the summoning of Speaker Reed from his room. Mr. Johnson (Rep. Ind.) entered an exceedingly vigorous protest against the irrelevant discussions with which the time of the house was being taken and after Mr. Sherman of New York, who was in the chair, had ruled him out of order, he continued to protest. Then the chair ordered him to take his seat. Twenty times the irate Indianian was admonished to take his seat, but the latter continued his defiance. The greatest confusion prevailed. The speaker was hurriedly summoned. Mr. Johnson continued to stand defiantly in his place. Suddenly the doors burst open and the speaker came in. As he appeared on the scene Mr. Johnson dropped into his seat.

The speaker looked toward Mr. Johnson, who arose and in calm tones said he desired to get on with the bill, so that he would have an opportunity to offer some amendments towards the close. He did not want the bill sent to the senate a crude measure. "For," said he, "it has been so characterized by the press and the public."

He had protested with feeling and vehemence, but he said, he thought the occasion called for warmth and vigor. His course may not have been parliamentary, but previous time should not be wasted in the consideration of a measure fraught with such important consequences to the American people. Some of the Republicans applauded Mr. Johnson.

The speaker replied in a conciliatory spirit. No matter what the provocation for such a protest, he said, the gentleman from Indiana could not but agree that it was the first duty of a member to obey the directions of the presiding officer.

Proceedings in the Senate.  
Before turning to the arbitration treaty the senate yesterday gave an hour to routine business in open session. Resolutions were agreed to by Mr. Pettigrew of South Dakota, asking the secretary of the interior for information relative to President Cleveland's sweeping order establishing forest reserves, and by Mr. Gallinger of New Hampshire.

50 lbs. of Coal  
A day would keep your rooms warm in winter. But that small stove will burn only twenty-five. Hence, discomfort and misery.

A certain amount of fat, burned daily, would keep your body warm and healthy. But your digestion is bad, and you don't get it from ordinary food. Hence you are chilly, you catch cold easily, you have coughs and shivers; while pneumonia, bronchitis, or consumption finds you with no resistive power.

Do this. Burn better fuel. Use SCOTT'S EMULSION of Cod-Liver-Oil. Appetite and digestive power will revive; and soon a warm coating of good flesh will protect the vital organs against the cold and the body against disease.

**CUBAN WAR NEWS**

C. E. Crosby, War Correspondent of Chicago Record, Killed.

**GOMEZ WRITES TO MCKINLEY.**

Cuban Warrior Tells of the Cruelty of Weyler's Warfare--General Ruiz Rivera, Maceo's Successor, Wounded in Battle, Is Captured by the Spaniards--Lieutenant Terry Dies of His Wounds.

HAVANA, March 30.--The correspondent of the Associated Press says that Mr. C. E. Crosby, the correspondent of the Chicago Record, reached Havana on Jan. 30. He took the field on Feb. 10, going through Camajayuri Villas. On March 9 he reached the camp of General Gomez and the same day was killed at Juan Criollo, near Arroyo Blanco. An engagement was in progress and Mr. Crosby received a bullet in the forehead. Death was instantaneous. His clothing, watch and money are now in the possession of General Gomez, who gave the body an honorable burial.

**GOMEZ TO MCKINLEY.**

The Cuban General Writes the President of the United States.

HAVANA, March 30.--General Maximo Gomez has sent a letter to President McKinley calling attention to General Weyler's style of fighting and the condition of the people of the island. He also incloses the letter he sent to President Cleveland. His letter to McKinley is, in part, as follows:

IN THE FIELD, NEAR SANCTI ESPERITU, March 1, 1897.  
The Hon. William McKinley, President of the United States of America.

General Weyler has arrived in this district of Sancti Esperitu with a numerous army. He comes not to fight nor to expose his strength to the forces with which I defend these parts, but as a sanguinary and cruel general, who will avoid combats and spread crime and desolation everywhere. He comes to murder the peasants in the field, to kill the children and to drive our persecuted and outraged women to the woods, leaving their homes to be burned, their hearths violated and their gardens destroyed. This is how General Weyler practices Sancti Esperitu, or wherever he may be. Then he authorizes those who ask him for bread for their children and for their families to go out into the country and to steal and destroy whatever they may find.

With this, permit me to send you a copy of a letter which I had the honor to send your predecessor in office, Mr. Grover Cleveland. It is the hope that it may move you to sacred action that induces me to take up my pen to trouble you.

**General Rivera Captured.**

Hernandez Volasco, continuing his operations in the hills of Pinar Del Rio with the columns of troops under his command, were engaged at Cabezadas in the Rio Honda district with an insurgent force numbering about 100 men, under General Ruiz Rivera. The insurgents were dispersed and the position they occupied was captured after an hour's fighting. The troops captured a number of prisoners, including Major General Ruiz Rivera, his chief of staff, Colonel Cacallao, and his adjutant, Lieutenant Terry.

General Rivera and Lieutenant Terry were both wounded. General Rivera succeeded General Antonio Maceo in command of the insurgent forces in Pinar Del Rio, and he is considered next in military importance to General Maximo Gomez.

Rivera and Colonel Cacallao were taken into the presence of General Velasco, who shook hands with Rivera and introduced him to the officers of his staff, giving instructions that the first thing to be done was to give him surgical relief.

Velasco will be honored with a title. Lieutenant Henry Terry died from his wound. He was a naturalized American.

**BOILER EXPLODED.**

When a man wakes up at night with the idea that he is falling down, down, down from a great height--when he imagines in his sleep that he has lost his breath and can't catch it again--when he tosses and tumbles all night and can't sleep--when his mouth tastes bad in the morning and food is repugnant--death is his bedfellow. These troubles may be due to the kidneys, but they are the skirmishers and sharpshooters that march in advance of the great army of death-dealing disease.

When a man experiences these sensations and feels generally out-of-sorts, there is but one safe thing to do. That is, resort to the right remedy. Dr. Pierce's Golden Medical Discovery makes the appetite keen and healthy. It makes pure blood and builds firm flesh. It makes the brain bright and the body active. It builds up and steadies the nerves, and insures natural, refreshing sleep. It cures 95 per cent. of all cases of consumption, catarrh, bronchitis and throat ailments.

Honest druggists recommend it. The druggist who attempts to palm off upon you an inferior substitute, offers an insult to your intelligence.

"Eight years ago I was taken with what my doctor called liver complaint," writes N. E. Kendrick, Esq., of Canton, Grafton Co., New Hampshire. "I began doctoring for it taking arsenicals and other medicines. Last February I had a bilious attack, and I could not eat. I began taking Dr. Pierce's Golden Medical Discovery, and one vial of 'Pleasant Pellets.' I find no other medicine equal to yours in helping me."

Constipation will soon make a bright man dull, and an energetic man lazy. Doctor Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. Found at all medicine stores.

**GOMEZ WRITES TO MCKINLEY.**

Cuban Warrior Tells of the Cruelty of Weyler's Warfare--General Ruiz Rivera, Maceo's Successor, Wounded in Battle, Is Captured by the Spaniards--Lieutenant Terry Dies of His Wounds.

HAVANA, March 30.--The correspondent of the Associated Press says that Mr. C. E. Crosby, the correspondent of the Chicago Record, reached Havana on Jan. 30. He took the field on Feb. 10, going through Camajayuri Villas. On March 9 he reached the camp of General Gomez and the same day was killed at Juan Criollo, near Arroyo Blanco. An engagement was in progress and Mr. Crosby received a bullet in the forehead. Death was instantaneous. His clothing, watch and money are now in the possession of General Gomez, who gave the body an honorable burial.

**GOMEZ TO MCKINLEY.**

The Cuban General Writes the President of the United States.

HAVANA, March 30.--General Maximo Gomez has sent a letter to President McKinley calling attention to General Weyler's style of fighting and the condition of the people of the island. He also incloses the letter he sent to President Cleveland. His letter to McKinley is, in part, as follows:

IN THE FIELD, NEAR SANCTI ESPERITU, March 1, 1897.  
The Hon. William McKinley, President of the United States of America.

General Weyler has arrived in this district of Sancti Esperitu with a numerous army. He comes not to fight nor to expose his strength to the forces with which I defend these parts, but as a sanguinary and cruel general, who will avoid combats and spread crime and desolation everywhere. He comes to murder the peasants in the field, to kill the children and to drive our persecuted and outraged women to the woods, leaving their homes to be burned, their hearths violated and their gardens destroyed. This is how General Weyler practices Sancti Esperitu, or wherever he may be. Then he authorizes those who ask him for bread for their children and for their families to go out into the country and to steal and destroy whatever they may find.

With this, permit me to send you a copy of a letter which I had the honor to send your predecessor in office, Mr. Grover Cleveland. It is the hope that it may move you to sacred action that induces me to take up my pen to trouble you.

**General Rivera Captured.**

Hernandez Volasco, continuing his operations in the hills of Pinar Del Rio with the columns of troops under his command, were engaged at Cabezadas in the Rio Honda district with an insurgent force numbering about 100 men, under General Ruiz Rivera. The insurgents were dispersed and the position they occupied was captured after an hour's fighting. The troops captured a number of prisoners, including Major General Ruiz Rivera, his chief of staff, Colonel Cacallao, and his adjutant, Lieutenant Terry.

General Rivera and Lieutenant Terry were both wounded. General Rivera succeeded General Antonio Maceo in command of the insurgent forces in Pinar Del Rio, and he is considered next in military importance to General Maximo Gomez.

Rivera and Colonel Cacallao were taken into the presence of General Velasco, who shook hands with Rivera and introduced him to the officers of his staff, giving instructions that the first thing to be done was to give him surgical relief.

Velasco will be honored with a title. Lieutenant Henry Terry died from his wound. He was a naturalized American.

Expect to Get Three Silver Votes When Bradley Voting Begins.

FRANKFORT, Ky., March 30.--With 70 members, one more than a majority of the general assembly now voting or saying they are ready to vote against Hunter, the Republican nominee, he would seem to be defeated. But those 70 votes will not unite on any one man, and 66 are still clinging with tenacity to Hunter. This is three short of an election. Hunter's hope seems to be in the possibility that the anti-Hunterites will some day begin voting for Bradley. When they do and the fight narrows down between those two there are three or four silver Democrats now voting against Hunter who say they will then vote for Hunter and make him win in an exciting finish by one or two majority over Bradley.

Another reason for the possible abandonment of the Bradley plan is Blackburn's fresh hope of preventing an election. Blackburn is being assured by his own leaders that it will be impossible for him to prevent the election of some one, and they have even suggested to him the feasibility of his withdrawing and allowing the nomination of some conservative Democrat, upon whom the silver and gold Democrats might unite, with the possible hope of getting some gold Republicans. They say, if this was not the result, that the Democrats might be so united as to make possible some coup d'etat.

Ex-Secretary of State S. M. Taylor of Ohio is still on the ground, and it is supposed will notify the authorities at Washington, when it becomes apparent that there is no chance to elect Hunter, and that it will be best to put out another nominee.

Injured in a Runaway.  
ELKTON, Ky., March 30.--Ex-Sheriff J. H. Anderson, one of the most prominent men in Todd county, was perhaps fatally hurt near here. He was driving to his home, when his horses took fright and Anderson was thrown out, receiving internal injuries.

An exhibit of the product of Indiana artisans has been shipped from Jeffersonville, Ind., to Guatemala for exhibition at the Guatemala exposition.

The labor day committee at Muncie, Ind., has decided to raise \$1,000 for the entertainment of visitors at the state labor demonstration in that city.  
Paul Kohler, a miner at Salineville, O., was killed while riding a trip out of the Slope mines. The trip jumped the track and he fell under the wheels.

William Lutz of Long Run, O., fell from an apple tree, breaking both arms at the wrist. He nearly bled to death before assistance arrived.  
Oak Ridge sanitarium, located at Greensburg, O., destroyed by fire two years ago, has been rebuilt, and will be thrown open to the public soon.

Riggs Captured in Ohio.  
MAYSVILLE, Ky., March 30.--Amos Riggs, who murdered young Boyd and his father near Mount Gilead last week, has been captured by the Ohio authorities. Riggs was arrested at the home of a relative in Felicity, O., and was taken completely by surprise. He was heavily armed, but offered no resistance. Public sentiment here is strongly against Riggs.

Dr. Luis Sentenced.  
BALTIMORE, March 30.--Dr. Joseph J. Luis, convicted of filibustering, was sentenced in the United States court yesterday to jail for 18 months and fined \$500. Bail was refused pending an investigation.

### Sick Headache.

Nuralgia and Extreme Nervousness.

EVER since I was eighteen years old until I learned of Dr. Miles' Restorative Remedies, I suffered from sick headache and extreme nervousness and dyspepsia. In time heart disease developed. I was treated by several doctors with no relief. Severe palpitation with pain in left breast, shortness of breath, and smothering spells made me most miserable. I procured Dr. Miles' Restorative Nervine and New Heart Cure and took them alternately as directed. Improvement began at once and increased so rapidly that inside of six months I increased thirty six pounds in weight. All pain in the heart is gone, and the nervousness has wholly left me."

### HARS - MORE REPORTS

Notwithstanding so many People have already reported, the number increases Daily.

ALL SAY THEY HAVE RECEIVED GREAT BENEFIT AND FEEL THAT A SPEEDY AND PERMANENT CURE WILL FOLLOW.

The Test is Regarded on all Sides, so far, as a Forerunner of Great Success.

It is only a few days ago that the announcement of what is bound to prove one of the most remarkable tests ever made of a discovery in medicine, appeared in this paper. So far a large percentage of those who received a free sample of Hobb's Sparagus Kidney Pills have made a report which as a whole is satisfactory.

When it is considered that so great a number of our citizens suffering from kidney troubles of one kind or another, have, within this short time found a medicine which has greatly benefited them, and that all appear to be on the road to rapid recovery, the incalculable value of Dr. Hobb's discovery to suffering humanity, cannot be overestimated.

If scores of people in the city of Seymour alone have received so much benefit from this remedy, what an untold blessing it will prove to be, and what a vast amount of suffering it will save when the people of the whole world come to know of it?

To-day Dr. Hobb's Sparagus Kidney Pills have in this short time firmly established themselves and gained the confidence of the people of this community, and have more warm friends in Seymour and vicinity than all of the kidney remedies that were ever heard of here before put together.

They have become the almost universal topic of conversation in every part of the city. Nothing of such importance has presented itself to the people of Seymour in recent years. Bright's disease, rheumatism (which is traceable ninety nine times out of a hundred to kidney sluggishness and inactivity), impure blood, malarial germs, and, in fact, all the thousand and one diseases that come from a deranged condition of this filter, cleanser and purifier of the body, are all now stripped of their horrors since it has become a well established fact that a safe and harmless specific for their cure has been discovered in Dr. Hobb's Sparagus Kidney Pills.

There are, undoubtedly, hundreds of thousands of people who are suffering to a greater or less degree from kidney troubles who do not know it.

Some are in a drowsy, dull condition—feel languid; generally speaking, they say they feel pretty well, when accosted by some friends, yet they have not that bright, sharp, vigorous tone to their system as of yore. Unbeknown to them, poison from their kidneys (which are a little out of order) is gradually collecting in their system, and totally unconscious of the fact, they are slowly but surely being poisoned to death.

It may be a process of years, but the result of the kidneys working imperfectly means almost certain destruction at last. No man can feel vigorous and bright, and no woman has that healthful, rosy tint to her cheeks that poets have paid homage to, since the creation of the world, where the kidneys are not performing their functions properly and regularly, day and night.

A plant commonly known as a vegetable, but which in reality is one of the most valuable and active kidney medicines—asparagus—has, by the skill of medical science, been called upon to perform its duty as nature intended it should.

Asparagus has been known for years to the medical fraternity to possess a certain amount of virtue for kidney ailments. Dr. Hobb took up this subject many years ago, and, after long and patient experimenting, is enabled to combine the medical properties of the asparagus plant, with other valuable diuretic and kidney healing remedies known to the medical fraternity of the world, in such a form that it can today, under his formula, be regarded as a positive specific for all forms of kidney, bladder and urinary diseases in both sexes.

FOR SALE BY  
WILLIAM F. PETER,  
SUCCESSOR TO J. H. ANDREWS AND CO.,  
SEYMOUR, INDIANA.

By legislative act, the Jeffersonville prison becomes a reformatory for youthful prisoners on April 1, and soon thereafter there will be an interchange of convicts between this institution and the one at Michigan City, which is hereafter to be the place of confinement for hardened criminals. The transfer will be effected by means of a special train and military guard. Jeffersonville will send about 375 prisoners of the incorrigible class to Michigan City and will receive in return a like number who fall under the classification of reformatory.

The board of managers of the Indiana Reformatory will be composed of senator T. E. Allison, Ft. Wayne; senator H. C. Duncan, Bloomington; ex-director J. R. Henry, Gosport; and D. J. Terhune, of Linton.

**CASTORIA.**

DROPPED DEAD ON THE TRAIN.

Rev. J. H. Harwell Growing Worse In His Mania For Drawing Checks—Tried to Break Jail—Stabbed to Death—Poor Prospect For Southern Indiana Peach Crop—Destructive Fire at Princeton.

LAWRENCEBURG, Ind., March 30.—An itinerant party of Mexicans composed of four men and three women camped east of town and engaged in a general row over the fondness of one of the men for the wife of another member of the party. After considerable quarreling a compromise was effected, the husband trading his wife to her lover for a horse and \$1 in money. The purchaser of the woman took his property and left for the south, while the husband, with horse, left in another direction, apparently well pleased with his bargain.

UNDOUBTEDLY INSANE.

Rev. J. H. Harwell Growing Worse In His Mania For Drawing Checks.

CAMBRIDGE CITY, Ind., March 30.—Rev. J. H. Harwell, formerly minister of the M. E. Church here, whose queer transaction here and at Richmond are being investigated by the North Indiana conference, is still confined in a sanatorium at Atlanta, Ga. Word has just been received here of the minister stating that the man's mental condition is rapidly growing worse, and no hopes are entertained for his recovery. He still imagines himself possessed of great wealth and persists in writing checks on various banks.

PRINCETON BLAZE.

Three Business Houses With Contents and One Residence Burned.

PRINCETON, Ind., March 30.—Three business houses and one residence was burned here yesterday. J. H. Boren's drygoods store, Floyd Mangrum's grocery, John Shuel's meat market and Al Boren's residence were destroyed, entailing a loss on buildings and goods of \$10,750; insurance, \$5,800.

POOR PROSPECT OF PEACH CROP.

SCOTTSBURG, Ind., March 30.—Reports from the surrounding country indicate the present cold wave has done much damage to the fruit crop. Fruit growers say peaches on high ground were killed before the warm weather came by the cold northwest winds. The outlook is poor for a fair crop in southern Indiana.

Almost Blind by La Grippe.

FORT WYNE, March 30.—Mayor Henry P. Scherer, who has been ill with la grippe for three weeks, is singularly affected. The malady has settled in his eyes, and for the past four days he has been almost totally blind. He is not able to read, and has been obliged to remain in a darkened room.

Dropped Dead on the Train.

KENT, O., March 30.—G. S. White, a Cleveland traveling man, dropped dead just as his train was pulling out of this place. White was a past eminent commander of Holy Rod Commandery No. 82, Knights Templar, of Cleveland. He was about 55 years of age.

Pleasant Information.

NEWPORT, Ky., March 30.—Receiver Wilshire of the First National bank of this city, which was closed several weeks ago, announces that on Thursday, April 1, he will pay all depositors in full, the directors having raised the necessary \$200,000.

Horses For McKinley.

DAYTON, O., March 30.—E. L. Haymaker of Canton has purchased of Guy Crouse of this city two chestnut sorrels intended for President McKinley. The animals are matches and every way fit for the chief magistrate to drive. Mr. Crouse has declined to state the selling price.

Tried to Break Jail.

PLYMOUTH, Ind., March 30.—William Diller, charged with chickenstealing and bigamy, made an effort to break jail by building a coal fire on a steel plate in the floor, hoping to crack it and escape to the cellar. The sheriff was awakened by the smoke and caught Diller in the act.

Doomed to Die.

LANCASTER, O., March 30.—Willy Haas, the Cincinnati murderer, now in the annex at Columbus awaiting the clemency of the board of pardons, or electrocution upon the date set for his death, was yesterday by the final action of the board doomed to die.

Stabbed to Death.

LAWRENCEBURG, Ind., March 30.—Joseph Enyske was stabbed to death near here by Stephen Royce. Both men had been disputing and had quarreled. Royce claims he stabbed Enyske in self-defense.

Exchanged Shots.

LILY, Ky., March 30.—John Hodges shot and perhaps fatally wounded William Minks here. Several shots were exchanged. Hodges, who is said to have been unarmed, escaped. They were rivals for a woman's hand.

Mayor Losing Business.

CRAWFORDVILLE, Ind., March 30.—Since the closing of the quartermasters business of the mayor's court has dropped to almost nothing. The police force has already been cut down and there is likely to be another reduction.

Police Board Appointed.

INDIANAPOLIS, March 30.—Governor Mount has appointed the following board of police commissioners for Terre Haute: O. E. Ralby and John Dardelette (Reps.), and Judge S. D. Davis (Dem.).

#### THE E. & B.

Nothing Definite as to When it Will be Reopened.

When the Evansville and Richmond railroad was sold at sheriff's sale on the 23d of this month, it was earnestly hoped by patrons along the line that the damage of the recent flood would be speedily repaired and trains again run regularly. There is still room to hope that this may be true. Superintendent J. W. Thompson went over the road yesterday making an estimate of the cost of repairing the damage. He was unable to give any information, however, as to when the repairs will be made.

Deafness Cannot be Cured.  
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

#### UNION VETERAN LEGION.

Honorable Encampment No. 144 Preparing to Celebrate April 9, the Anniversary of Lee's Surrender.

Circular No. 2 issued by the national commander of the Union Veteran Legion directs the local organizations to properly celebrate April 9, the anniversary of Lee's surrender to Grant at Appomattox, Va., by a parade in the afternoon and by performing the usual memorial services in the evening. Rev. J. W. Clevenger has been selected to deliver the address of the occasion.

As is known this organization is composed of veterans of the Union army who have seen two years or more of service. This circular speaks as follows of the plan of the organization:

"No man who gave early and long service to the Union cause by enlisting in the ranks of his country's defenders in 1861, can afford to throw aside the heritage of fame which by virtue of such service he is enabled to bequeath to his posterity. The honorable discharge and unsullied record of a long service veteran of the Union armies is a patent of nobility greater by far than any held by Monarchs, Princes or Lords, whose titles come to him by accident of birth alone. \* \* \* There is work for all and it is believed that those who entered the service in 1861 had but one object in view, and that was the preservation of the Union. There were no bounties before that date, nor was there any fear of a draft, consequently those who shouldered a musket or wielded a saber felt that it was a sacred duty to offer their lives in defense of their country's honor. \* \* \*

"The Union Veteran Legion does not for a moment question the patriotism or bravery of the majority of those who entered the service subsequently to that date, but that there were many who donned the blue for the large amount of bounty paid, or through fear of being drafted, no one will question. It was therefore thought that the dividing line as indicated above, would result in bringing together those whose patriotism could not be doubted. Our works of charity are done quietly and without any ostentation or show, believing that the widows and orphans of our dead comrades are entitled to our first thought, and this is a duty for members to assist their fellow members in every honorable way."

Bold Robbery.  
Last night a sneak thief entered the Peter Nichter store and stole the money drawer containing a revolver and \$16, and made way with them, leaving no trace behind him. No clue, of course.

## John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

## BUSINESS NOTES.

C. W. Wallingford and wife of Lafayette, came here last evening on business and to look after his landed possessions in Hamilton township.

Isaac Bay and family and Mrs. Maggie Frank and family, who have resided at Kokomo, came here and moved today near Holton to reside in future.

John C. Wells has one of the most productive bottom farms south of Medora. He will plant 200 acres of it in corn this spring and he expects to engage largely in the raising of fine cattle.

## Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison, headache, indigestion, constipation, dizziness, yield to Electric Bitters. Try it once. 50c and \$1.00 per bottle at W. F. Peter's successor to J. H. Andrews & Co., Drug Store.

## Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits. "Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century and today stands at the head. It never disappoints. Free trial bottles at W. F. Peter's, successor to J. H. Andrews & Co.'s, drug store.

## From Cripple Creek.

After the big fire in Cripple Creek, I took a very severe cold and tried many remedies without help, the cold only becoming more settled. After using three small bottles of Chamberlain's Cough Remedy, both the cough and cold left me, and in this high altitude it takes a meritorious cough remedy to do any good.—G. B. Henderson, editor Daily Advertiser. For sale by C. W. Milhous, druggist.

## For Sale.

## Dangers of the Grip.

The greatest danger from lagrippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for lagrippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventative of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by C. W. Milhous, druggist.

ELY'S CREAM BALM is a positive cure. Apply often to the nostrils. This quickly absorbed. 25 cents at Druggists or by mail; samples 10c. by mail. ELY BROTHERS, 56 Warren St., New York City.

## FROM SILVER TO GOLD.

Information Sent to the Secretary of the Treasury on Japan's Coinage.

WASHINGTON, March 30.—The secretary of the treasury is in receipt of information from the United States minister at Tokyo, Japan, to the effect that during the present session of the Japanese diet a government coinage bill will be presented for consideration of that body, which will, if passed, change the standard of value in Japan from silver to gold. It is proposed to fix the government ratio between the two metals at 32 to 1. The unit of value will be a gold yen which will be one-half the weight and value of the old gold yen, which is of the same weight and fineness as the gold dollar of the United States. The proposed unit of value will, therefore, be the exact equivalent of 50 cents in United States money and approximately of the same value as the present unit of value in Japan, the silver yen, which at the current rate of exchange is worth about 61 cents in United States money.

Director of Bureau American Republics. WASHINGTON, March 30.—Joseph P. Smith of Ohio was yesterday appointed by Secretary Sherman director of the bureau of American republics, vice Clinton Furbish, resigned, being selected by the secretary from three persons whose names were certified by a special board as having passed satisfactory examinations for the place.
